RUSHING WATERS AT A RESORT

Caused Guests to Flee to Higher Grounds For Protection

IMMENSE DAMAGE DONE

To Roadbeds of Railways by Cloudburst, Tons of Dirt and Rocks Being Washed Upon the Tracks.

(ASSOCIATED PRESS TELEGRAM)
Easton, Pa., Aug. 2.—The Upper Delaware Valley struggled today to get itself untangled from the mass of debris and wreckage caused by the cloudburst of yesterday. Roadbeds of the Delaware, Lackawanna and Western and the Pennsylvania railroads were badly washed out but the Lackawanna succeeded during the night in removing hundreds of tons of dirt and rocks from the tracks at the Delaware Water Gap and opening the road in that section. The damage at Marunka Chunk, N. J., the junction of the Pennsylvania and the Lackawanna railroads, has not yet been repaired. Here the tracks were undermined and the operator's tower was carried away on the rising waters of the Delaware river.

A score or more of barns and other buildings in Monroe county, where the storm raged with fury for four hours, were struck by lightning and destroyed. No fatalities were reported.

There is nothing in local history to compare with the storm in the neighborhood of the Water Gap, and the thousands of summer visitors to that resort will probably never forget their thrilling experience. Rain began falling at noon and continued at cloudburst proportions for four hours without a moment's interruption. The water rushed down the mountainsides in torrents and wore gulleys eight and ten feet deep.

At the base of the mountain stands the Delaware house. Through this building the water rushed as though the house stood in the middle of a stream. The guests were taken to higher ground.

In the upper section of Northampton county, Pennsylvania, the storm raged furiously for hours, washed out roads and doing other damage.

Many persons on their way from New York and Philadelphia to the mountains were detained in Easton during the night. Today some of them continued their journey by trolley to the Water Gap.

LIBERTY OF WORSHIP IS DENIED BAPTISTS BY THE RUSSIANS

(ASSOCIATED PRESS TELEGRAM)
St. Petersburg, Aug. 2.—The Russian minister of the interior is credited today by the Novoe Vremya with the intention of permitting the Holy Synod to proclaim the Baptists as "a sect" especially harmful to the state and therefore not eligible for registration and not possessing the right of liberty of worship.

The action of the government is attributed by the newspaper to recent refusals of Baptists to take the military oath.

The Baptists' world's convention during its session in Philadelphia in 1911 raised \$70,000 for the establishment of a Baptist seminary in St. Petersburg and two Baptist ministers were appointed to proceed to the Russian capital to seek permission from the Emperor for the erection of the buildings.

MAY GO TO PEN FOR TONING ICE PICK

Columbus, Aug. 2.—John Wilson, colored, aged 28 is the first man arrested in Columbus for carrying concealed weapons since the new law making it a penitentiary offense, went into effect. Wilson had an ice pick in his possession and was said to have threatened some colored women.

Large Number of Miners Are Reported Killed at Tower City

(ASSOCIATED PRESS TELEGRAM)
Pottsville, Pa., Aug. 2.—A large number of anthracite mine workers are reported to have been killed in the East Brookside mine of the Philadelphia and Reading Coal and Iron company at Tower City about twenty miles from here. Estimates of the reported dead run as high as fifty.

There were two explosions. Two bodies were recovered and the rescuers reported the finding of five other men dead and not a sign of life in the mine. A fire boss was taken out fatally burned.

Until the company officials look over their rolls, it will not be known how many men were in the mine. Many of the miners, however, do not work Saturday afternoon.

(ASSOCIATED PRESS TELEGRAM)
Pottsville, Pa., Aug. 2.—At least thirty anthracite mine workers are believed to have been killed in an explosion of gas in the East Brookside mine of the Philadelphia and Reading Coal and Iron company, at Tower City, thirty miles from here. There were two explosions.

Seven bodies were recovered soon after the blast. One of the men rescued alive estimated that there were thirty-six men at work when the accident occurred. The explosion was caused when men driving a tunnel drilled into a large pocket of gas. Three men were badly burned, but two of them are not expected to live.

Officials of the company here are reticent and beyond admitting there was an explosion, said they knew nothing of it. It is reported that Supt. Lawrence is among the dead. Five colliery ambulances with all the doctors in that region are at the mine.

Bryan States Request for Funds Has Nothing to Do With Policy of Administration in Mexico

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 2.—Secretary Bryan today vigorously disclaimed that his request to congress to appropriate \$100,000 for bringing destitute Americans out of Mexico had any connection with any policy the administration may evolve in dealing with the Mexican situation.

"Statements attempting to put a scarehead construction upon the request for an appropriation are entirely without excuse and cannot be explained upon any theory consistent with an interest in the public welfare," said he. "In furnishing aid to any indigent persons desiring to leave Mexico the government is simply doing what it does at any time when American lives are in danger by insurrection, and there is no reason why anybody should attempt to misconstrue it."

Secretary Bryan's request, however, has been interpreted as one step in the administration's plan for dealing with the Mexican problem.

Far from being regarded as a preliminary to intervention—which President Wilson has told friends on various occasions is out of the question—the request for funds is really thought to be the forerunner of a policy of non-interference.

From the first the President had believed that in crises in turbulent re-

publics, the single solicitude of the American government should be the protection of lives and property.

Should the administration here adopt a policy of non-interference it might as well refrain from action with respect to the destruction of property on the ground that the claims for damages, under international law, eventually cover losses. The chief consideration has always been in caring for the lives of Americans and foreigners. In any crisis those of means, upon warning, would easily be able to flee the country but dangers always have beset those who through lack of funds, could not make the journey promptly. To meet such an emergency the present request for an appropriation is direct.

The administration, while hopeful that peace negotiations may bring the two factions to a suspension of hostilities, realizes that with the resignation of Huerta or any other political change, Americans may become alarmed, and the desire to obtain funds with which to care for those who may be anxious to leave Mexico is a precautionary measure.

Whitehead New Chief Deputy of Election Board; Sachs Is Again Elected Its Clerk

At the annual meeting of the board of deputy state supervisors of elections, held at 12.45 o'clock Saturday, Howard M. Whitehead, Democrat of Alexandria, was elected chief deputy and Michael Sachs, for several years the efficient clerk of the board, was re-elected to that position. M. J. Reese, Democrat, and Dr. W. G. Corne, Republican, presented their certificates of reappointment which were received today.

The new chief deputy, Mr. Whitehead, succeeds M. J. Reese, who has filled the office for the past two years. The terms of Mr. Reese and Dr. Corne will expire May 1, 1919.

In the re-election of Clerk Michael Sachs, the members of the board took into consideration the efficiency of the man who has held the office under several boards at various times.

Mr. Sachs is tireless in his efforts to give the board and the people the best service possible. He is thoroughly conversant with all the elec-

tion laws, both old and new and keeps well informed of all the requirements of the statutes.

His election is particularly pleasing to the newspaper men of the city because of his ever courteous treatment of the news men, particularly during the days immediately following the elections, when at best, information on returns are difficult to obtain.

After the transaction of a few matters of routine business, the board adjourned to meet August 14 at 9 o'clock, when the matter of purchasing tally sheets and printing of ballots will be taken up.

WILL ABANDON THE PROPOSED PROTECTORATE

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 2.—The proposed protectorate for Nicaragua embodied in a treaty suggested by Secretary Bryan probably will be abandoned because of adverse action by the senate foreign relations committee. Chairman Bacon was today instructed to ask Secretary Bryan to transmit a new Nicaraguan treaty limited strictly to the proposed \$3,000,000 purchase of canal route and naval base concessions.

RAIDING CHICKEN COOPS.

Utica, O., Aug. 2.—An animal, believed to be a mink, has been raiding chicken houses in town for several weeks. Mrs. P. P. Smith has lost 60, Mrs. Robert Amdorf 40, D. P. Campbell 40, and Mrs. John McCarthy 22. The chickens are killed and their blood sucked, none of the bodies being carried away.

STAY OF SOLDIERS LIMITED

Troops May Be Withdrawn From the Michigan Copper Region

ABSENCE OF RIOTING

And Expense to Which the State is Put to Maintain Camps Factor in Determining Officials to Act.

(ASSOCIATED PRESS TELEGRAM)
Lansing, Mich., Aug. 2.—Strike leaders in the copper country today continued to ask Governor Ferris to visit the upper peninsula and personally investigate strike conditions. This telegram was received today at the executive office from W. J. Rickard, chairman of the strikers committee at Calumet.

"Have noted mine operators reply to your request for a joint conference. Were their claims true they should welcome submitting matters in dispute to joint conference with Your Excellency as arbitrator. The striking miners urge that you investigate in person and assist in bringing about an adjustment of the present industrial dispute."

(ASSOCIATED PRESS TELEGRAM)
Calumet, Mich., Aug. 2.—There was increased activity in the copper mining operations today as a sequel to an intimation conveyed to the operators from state sources that another week may end the participation of troops in the strike situation. All men employed for work were given tasks of some sort in order to hold their interest until actual mining is attempted.

Four arrests in the early hours were made for alleged intimidation. One of the latest prisoners was Victor Bannister, said to be an organizer of the Western Federation of Miners, who said he came from Duluth. There was the usual amount of "shadow shooting" by sentries during the night, the guardmen being curious to test the "kick" of the short range ammunition with which they had been supplied.

Continued absence of extended rioting and the fact that the annual tour of duty of the Michigan troops takes the men from their usual vocation were factors in determining the policy of the state.

Another of probably greater importance is the expense to which the state is put to maintain the camps.

Failures are imminent among business men throughout the district because of the strike. Retail houses have stopped deliveries. All business with the miners has been placed on a cash basis. Many merchants have arranged to close their stores during the mornings and put employees on half pay.

Three thousand persons have left Calumet since the strike began.

Armed guards last night were withdrawn from the Portage Lake bridge, connecting Houghton and Hancock, the fear of the authorities that there was a dynamite plot on foot in connection with the strike of copper miners having subsided.

It has been asserted by the officers in charge of the strike patrol that an attempt was on foot to sack the explosive vaults of the mining companies, and a corps of soldiers was placed on the bridge to scrutinize all persons who passed.

Methods of the troops in keeping the streets clear brought vigorous protests from union headquarters. In several instances citizens were struck, it is alleged, while passing along the sidewalks, or ordered into their homes while sitting on doorsteps.

Isaac Rauhala, a jeweler, was tubbed by a patrol, which drove his horses on the sidewalk on Pine street. He exhibited a bruised shoulder as evidence of his experience.

TROOPS COST \$12,500 PER DAY.

(ASSOCIATED PRESS TELEGRAM)
Lansing, Mich., Aug. 2.—According to State Treasurer Haarer, the general fund of the treasury will suffer as a result of the troops being called to strike duty in the upper peninsula.

Mr. Haarer doubts whether there will be sufficient cash in the strong box to pay expenses in the first of the year when more funds will be available.

It is estimated that it is costing the state \$12,500 per day to maintain the national guard in the copper country and under a law passed at the last session of the legislature exempting the counties to which the troops are sent from paying the whole expense, the cost will be spread over the entire state.

When the vaults were opened yesterday at the beginning of the month the strongbox contained \$6,693,728, but within the next few days more than \$3,000,000 will be taken out of the primary school fund. The general fund, available for immediate use, contained \$2,797,399.

Vincent Makes Full Confession To Governor Cox

VENEZUELA FEDERALS ON MARCH

(ASSOCIATED PRESS TELEGRAM)
Caracas, Venezuela, Aug. 2.—The mobilization of the Venezuela government troops in Caracas was completed today and an expedition is expected to leave the capital at the moment to meet the revolutionary invaders.

It is believed the first objective point of the government troops will be the state of Falcon, of which Coro, the capital, was reported to have fallen into the hands of General Cipriano Castro's adherents a few days ago.

The government troops are well organized and thoroughly equipped for any service.

The fight against the proposal became so pronounced in the committee today that it was decided it would be impracticable to attempt a settlement of the policy at the present time. It was decided to ask Secretary Bryan to withdraw the protectorate features and limit the Nicaraguan treaty to those it originally embraced.

Intimations had been received by Democrats on the committee that the president and secretary of state would be willing to lay the protectorate policy aside temporarily and it is expected that a completed new draft of the treaty will be ready within a few days, without the provisions giving the United States control over Nicaragua's future.

Chairman Bacon was instructed to ask Secretary Bryan to submit a treaty with these provisions: "The grant by Nicaragua to the United States of a perpetual and exclusive right to build a canal across Nicaragua."

A 99-year lease on a naval base site on Fousseca Bay, and a 99-year lease on the Corn Islands in the Caribbean sea.

The payment by the United States to Nicaragua of \$3,000,000 in return for these concessions.

It was reported here today that all the Venezuelan government officials at Coro in the state of Falcon were surprised by former President Cipriano Castro and killed or taken prisoners.

An overwhelming government army was being prepared and is ready to march with the intention of crushing Castro and his followers in the first battle.

In a proclamation dated Coro, July 27, Castro says in part:

"War has been inevitable. I declare myself in campaign against Juan V. Gomez, whose treason and usurpation of power since 1908 have become a real calling since my departure into private life."

AKRON CLERK SHORT \$5,000; NOW MISSING

(ASSOCIATED PRESS TELEGRAM)
Columbus, Aug. 2.—Carl Seybold, police clerk in the Akron city court, owes the city of Akron and Summit county \$5,055.67, according to F. A. Parmelee, special accountant of the state auditor's department, in a report filed to State Auditor Donahay today. Seybold has been absent from the city since June 26, the examiner says.

According to the examiner's report, Seybold drew his entire balance of \$3,750 from the bank on June 26 "and has been off duty and absent from the city ever since." When Seybold drew the money from the bank, the examiner says, he told the bank officials that he wanted the money to invest in real estate.

In addition to the money Seybold drew out of the bank, according to the examiner, he owed the city of Akron and Summit county a sum sufficient to make the total reach the alleged shortage of \$5,055.67. The distribution of moneys representing fines was improperly made," said Examiner Parmelee.

TO SUCCEED BISHOP SCHINNER.

(ASSOCIATED PRESS TELEGRAM)
Rome, Aug. 2.—Rev. J. M. Condelka, of Cleveland, auxiliary bishop of Milwaukee, was today appointed bishop of the diocese of Superior, Wis. He takes the place of Bishop Augustin Francis Schinner, who resigned on account of ill health.

Tells of His Part in the Alleged Fraudulent Petitions for Referendum on the Green Compulsory Workingmen's Compensation Act

NAMES FORGED BY HUNDREDS IN MANY COUNTIES

Only Two Genuine Signatures Were Secured in Noble County—Stacks of Petitions Executed Before Notaries and in Many Instances Peddlers Were Not Even Sworn—Vincent Admitted That Nearly All Signatures Turned in By Him Were Fraudulent.

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Aug. 2.—Without the promise of immunity, Walter B. Vincent, of Cincinnati, this morning made a full confession to Governor Cox, Attorney General Hogan and other state officials of his part in the alleged frauds on the petitions for a referendum on the Green compulsory workingmen's compensation act passed by the last general assembly.

Vincent declared he had been employed originally by Kibler, that he turned in two or three petitions from Hamilton county, and then went to work at Lebanon, in Warren county. He said he was unable to make any headway there, and so advised Kibler over the telephone. Kibler told him, according to his statement, that he was "doing all right" and to return to Cincinnati that evening.

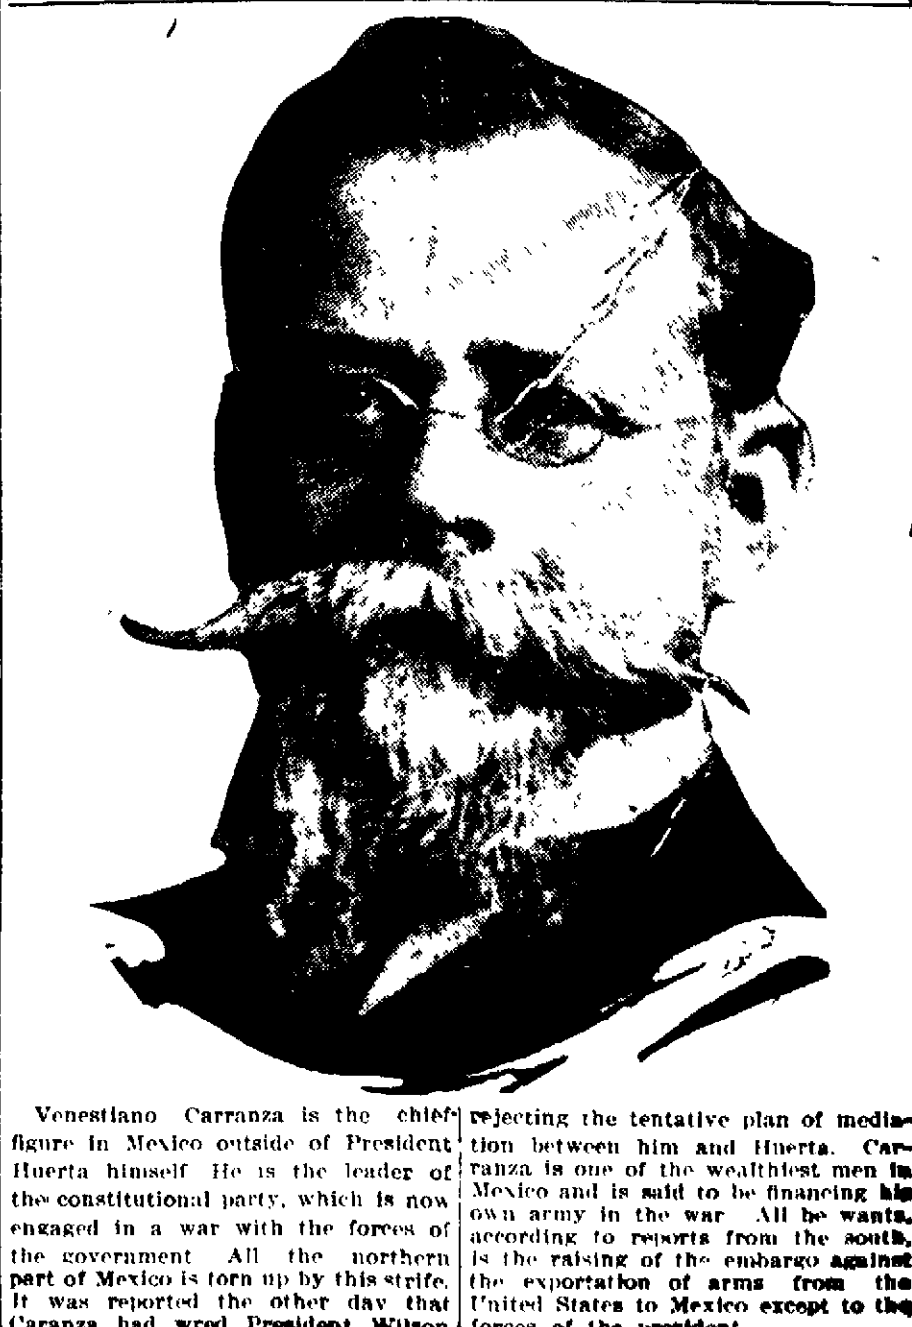

Vincent told of forging names in Fairfield county, and of how the Guernsey county list was prepared by him in a hotel at Cambridge. The same thing, he said, was done in Muskingum and Preble counties.

The Cincinnati man told of several occasions in Columbus with Kibler and Lea, and declared that he had seen Kibler give Lea money at the Columbus union station with which to pay petition peddlers.

Before Vincent was taken to a notary's office to swear to the lists, he said Kibler made the statement to him that no fund had been provided by the legislature to investigate the lists. Vincent stated that he believed that Kibler knew his lists were forgeries.

The first time that Vincent said he met Kibler in Columbus he went with him to the office of Miller, Thompson & Dunbar, attorneys. Vincent also stated that a few days ago Seth McMillan, attached to the law office, came to the county jail and made the statement that he (McMillan) had been advised that Mr. Kerr, Vincent's attorney, had

Strongest Enemy of President Huerta in Mexico, the Leader of Constitutionalists, Now Conducting a War

Venustiano Carranza is the chief figure in Mexico outside of President Huerta himself. He is the leader of the constitutional party, which is now engaged in a war with the forces of the government. All the northern part of Mexico is torn up by this strife. It was reported the other day that Carranza had wired President Wilson rejecting the tentative plan of mediation between him and Huerta. Carranza is one of the wealthiest men in Mexico and is said to be financing his own army in the war. All he wants, according to reports from the south, is the raising of the embargo against the exportation of arms from the United States to Mexico except to the forces of the president.

WONDERFUL CURE OF SCALP DISEASE

Hair Came Out in Patches, Goodhair Soap Brought Prompt Relief.

"I have had itching on my scalp for twenty years. Have consulted with several doctors, but with no permanent good results. One day I used Goodhair Soap, my hair came out in patches as large as a silver half dollar. I was scared and thought I wouldn't have any hair left. I continued to use the soap, and now my hair is better than ever. I have no itching, and my scalp never itches." Yours respectfully, HENRY STEFF, Utica, Ohio.

"I have used Goodhair Soap for the cure of dandruff and falling hair. I think it an excellent article for the purpose intended." DR. W. T. RANKIN, 137 E. State St., Columbus, O.

"Have had an eruption of the scalp for the past 15 years. Have tried all the popular remedies, and have found none to give relief and cure until Goodhair Soap was used. Can say that I consider it the best scalp and skin curative soap on the market." W. S. ANDERSON, Druggist.

If your druggist will not supply you with Goodhair Soap, send to Goodhair Soap Co., Newark, O. Sample on request.

BUCKEYE LAKE FAVORITE HAUNT OF PICNICKERS

Columbus "prints", carefree and kittenish, were on the job Saturday recreating at Buckeye Lake park. It was the big outing of the Ben Franklin Club of the Capital City, and included all the printers in town, and their families. Besides this big gathering there were 1,000 picnickers of the Columbus hotel workers, with wives and children. Family lunch baskets were conspicuous and all the resorters joined in the general good time.

Next Saturday will witness one of the biggest picnic gatherings of the season at the lake park. When all the employees of the Kibben-Jacobs Manufacturing company will be given their annual outing, with their families and employees.

And Buckeye Lake park probably will assume again the appearance of a century ago, when painted red skin will skulk among the trees. Beginning Wednesday, resorters will be offered a novelty in the form of regular exhibitions by the Tiger Bill Will. West shows with him an accompaniment of Indians, cowboys, bucking bronchos, and the like. The show opens Wednesday and will continue with performances August 6, 7, 8, and 9.

MAYORALTY FIGHT IN NEW YORK CITY GROWS WARMER

(Associated Press Telegram)

New York, Aug. 2.—As an aftermath of the action of the Fusion party to put forth John Purroy Mitchel as the anti-Tammany candidate for mayor there arose today the question as to whether all three political divisions, Republican, Progressive and Democratic represented in the committee would stand by the action taken.

Although the decision of the committee is regarded as a virtual nomination, it is actually only a recommendation to the political organizations who contributed to the membership and to the actual choice just naturally be made by those organizations.

The most talked of split in the Fusion forces is the possibility of a Republican bolt in favor of District Attorney Charles S. Whitman as a regular candidate for mayor.

The question is whether Mr. Whitman will stand on the ticket with Mitchel as a candidate for re-election as district attorney and whether President McAneny will stand for the nomination as commissioner on the same ticket.

READY TO SERVE CHARGE OF 50 CENTS DECLARED ILLEGAL

(Associated Press Telegram)

New Lexington, O., Aug. 2.—The court of appeals has handed down a decision in the injunction case of the village of New Lexington against the Ohio Fuel Supply company, wherein it holds that the company cannot collect the ready-to-serve charge of 50 cents under the present contract with the village which does not provide for it. Under the rules of the company the Ohio Fuel people had been collecting a minimum charge of 50 cents. In 1911 the village brought suit to restrain them from making this collection. The probate court granted a temporary injunction and the common pleas court made it perpetual. In the opinion received by Clerk Greely from Judge L. K. Powell the appeals court also perpetuated the injunction.

SARATOGO TEEMS WITH OLD CROWD

(Associated Press Telegram)

Saratoga, N. Y., Aug. 2.—For the first time in four years the streets of Saratoga were filled today with their old time crowd, here for the opening day of the racing season. With hotels already overflowing and special trains bringing additional throngs to the village every hour the attendance promised to eclipse records. Every box in the grandstand has been sold since 1909. The track has been full since 1909.

The crowd was disappointed by the prospect that Whisk Broom II, the new world's record smasher, would take no part in the day's racing. The great racer is reported to have gone badly lame recently and it is regarded as improbable that he will race again this year. Six horses were scheduled to start in the Saratoga handicap.

Cautional precautions have been taken by the sheriff to prevent violation of the anti-gambling law. He has assured Governor Sulzer that the law will be enforced.

FORMER NEWARK MAN DROWNED AT PORTSMOUTH, O.

Charles Wheeler.

Many Newark people were saddened by the tragic death of Charles Wheeler, former Newark barber shop proprietor who was drowned in the Ohio river a short distance below Portsmouth, his home, news of which reached relatives here Tuesday. The drowning occurred Monday night.

Mr. Wheeler resided in Newark for 15 years and while living here he married a daughter of Squire B. H. Nott of South German street. His home was originally in Terra Haute, Ind.

The funeral of the drowned man was held from the Nott home Friday.

The Lodges

I. O. O. F.

Newark lodge, No. 622, met in regular session Monday evening, July 25, with the best attendance we have had for many weeks. The initiatory degree was conferred.

On Monday evening, August 1, we will have with us the Grand Master and the Grand Secretary, Grand Master Kuntz has asked us to try and have all our members present, also the members of Olive Branch lodge. Every visiting member in our city is also cordially invited. We want to make this one of our old style social sessions.

Let every Odd Fellow feel that he owes it as a duty to himself and the order to be present that he may profit by the teachings of the Grand Master and Grand Secretary, who come for the purpose of telling us a few things. Nothing from making this collection. We have heard Grand Master Kuntz, Grand Secretary Lyman will no doubt have many instructive and entertaining matters to speak of. After the meeting we will invite all to a smoker. Now all know what this means. A solid hour or more of genuine heart to heart talk. It means the breaking of those chains of restraint, and perfect freedom in social conversation.

You all know the case with which Brothers Kuntz and Lyman entertain a crowd and the larger the crowd the more interesting to them.

Let every Odd Fellow who can be present and to those brothers who by force of circumstances are absent from their homes and present in our city, we say come and meet the grand lodge officers and enjoy the evening with us.

DAUGHTERS OF VETERANS

Philomena M. Webb, Tent, Daughters of Veterans, met in regular session Tuesday, July 22, in G. A. R. hall. A number of officers were reported absent and a number of veterans were reported as being on the sick list and daughters requested to assist them. All members are urged to be present at the next meeting, July 22, on account of the large number of candidates. Our annual picnic will be held at Buckeye Lake, Thursday, August 2, and all members should attend. We will leave interurban station on 2 o'clock car for the lake.

MODERN WOODMEN

Cedar Camp No. 472, M. W. of A., met in regular session and owing to the hot weather, the meeting was opened without form, two applications for beneficial membership were received and elected to membership. Mr. Grover Osmer was found in waiting and was given the obligation, to receive the regular work on the night of August 11, when the work will be on and refreshments served. We have had three electric fans installed in the hall and it is a great deal better. District Deputy W. S. Brandt met at his home at Newfield, New Jersey, on Saturday morning, July 26, at 2 a. m., after a sickness of over a year with heart trouble. Deputy Brandt joined the Modern Woodmen on June 2, 1908, and carried a benefit certificate for \$200. During his appointment as District Deputy for Cedar camp he saw the camp grow from less than 100 members to over 1100 members, being the largest camp in the state of Ohio. He was considered one of the best deputies in the jurisdiction. His heart and soul was always with Cedar camp and always worked to the interest of the camp.

Neighbor James Callar, also a member of Cedar camp, died on Sunday, July 27, after a sickness starting back a year. Neighbor Callar joined Cedar camp on Oct. 5, 1901, and carried a benefit certificate for \$100 made payable to his son and daughter. This

makes the third death to occur in Cedar camp for some time.

Neighbors, we want you to attend the meetings of the camp, as we have provided fans that will cool you off and the meetings are not held very long during the hot weather. On Monday night, Aug. 10, we will put on the work on a class of candidates and we will cut the work short and after the work is over we will give you some refreshments to cool you off.

K. O. T. M.

All members of Octagon tent, K. O. T. M., are urged to be present at the next regular review on Thursday evening, August 14. There is business of importance that should interest every member of the tent. There will be something on the side at the close of the review.

DEGREE OF POCAHONTAS

Newark council No. 4, D. of P., will hold their next meeting Thursday, August 7, at which time the Great Pocahontas and Great Keeper of Records will trail to our hunting grounds. All members are requested to be present, as this is the first official visit of Great Chiefs to Newark council. Refreshments after the meeting.

LOYAL ORDER OF MOOSE

Vernon V. Vickers, who was elected Dictator of Licking lodge 489—Here's the gist of it.

There was quite a large attendance Thursday evening. Brother Chas. Duerr made a very comprehensive report from the convention held at Cincinnati, Ohio. The building committee consisting of Duerr, Bailey, Demmy, Seymour, Baker, Cosner, McFarland, McDonald, Carr, Bridgman, Jordan and Miller had a very interesting meeting last Thursday evening after the regular meeting. Four pieces of business property were submitted, which were filed to be taken up later. The drill team has secured two concessions of the Labor day committee and will run refreshment stands on the square.

The uniforms for the officers and the team will be here in a week or two and they will surely make a stir. Every member who can possibly do so is requested to be present next Thursday evening. Drill team meets Tuesday evenings. The building committee will meet Sunday morning at 9 a. m. A full attendance is desired.

500 DOCK MEN QUIT BECAUSE JOB IS UNSAFE

(Associated Press Telegram)

Superior, Wis., Aug. 2.—Enraged over the accident Thursday evening when two of their fellows lost their lives and several others were injured, 500 men employed on the Alouez docks at West Superior, who have been on a strike since the accident, refuse to resume work until conditions which they claim caused the accident, are removed.

During the day yesterday, eleven trains of ore reached the docks. As many more will arrive today, and it is but a question of time when the mines will have to shut down for want of cars. Seven ore boats are tied to the dock or anchored waiting to be filled. Many more are due to arrive within the next 48 hours. Two partly loaded boats moved to the Missabe docks yesterday to complete their cargo.

The strikers yesterday asked three times for a hearing. At the third hearing they were granted a few minutes by J. C. Morrell, dock superintendent. Resolutions passed at a mass meeting of the men were read to Mr. Morrell, who is reported to have said that there would be "nothing doing."

To allow the railroad authorities further time to hear the demands of the striking men, a meeting was arranged for today. Steps will be taken to organize the strikers into a union.

THERE IS DANGER

In wearing glasses not fitted with proper lenses. There is a difference in selling spectacles as a business and fitting spectacles as a profession. Many opticians use simple tests for determining what glasses the eyes can wear and call themselves professionals. Our methods are strictly professional—we use scientific tests that always find the cause of the trouble. We prescribe what will correct the evil and overcome the cause.

Advertisers Ask Only A Fair Trial

By HOLLAND.

ADVERTISERS do not attempt to make you agree to buy their goods for the rest of your life. They only want you to give their wares a trial, to subject them to actual test by actual use, and then be guided by experience.

Could anything prove more clearly that the advertiser has supreme confidence in his product, that he is absolutely certain that it will please you, that it will be all he says it is?

It would indeed be foolish to spend money to induce you to try an article that would prove unsatisfactory and would result in your telling friends and neighbors of your experience. Advertisers spend millions making their trademarks known, and in order to make their trademarks valuable they must stand for a certain standard of worth. Having made their trademarks known, manufacturers exert every effort to keep the goods up to the expected high grade.

HUSBAND NAILED RUBBER ON GATES

Wife so Weak and Nervous Could Not Stand Least Noise—How Cured.

Munford, Ala.—"I was so weak and nervous, while passing through the Change of Life that I could hardly live. My husband had to nail rubber on all the gates for I could not stand it to have a gate slam. "I also had backache and a fullness in my stomach. I noticed that Lydia E. Pinkham's Vegetable Compound was advertised for such cases and I sent and got a bottle. It did me so much good that I kept on taking it and found it to be all you claim. I recommend your Compound to all women afflicted as I was."—Mrs. F. P. MULLENDORE, Munford, Alabama.

ECZEMA ITCHED TERRIBLY ON HANDS

White Little Spots, Scratching Made Them Worse. Cuticura Soap and Ointment Cured.

1201 Marion Place, Chicago, Ill.—"I had eczema for four or five years. One day I came into the house and saw some white little spots coming out on my hands. A week later I saw that the spots began opening and in their places came deep holes. Later it took the form of some red little spots. Those spots itched me terribly and every night when I was asleep I always used to scratch and make the spots worse and made some new spots. The trouble caused loss of sleep. My hands cost my father a fortune. "I used remedies for three and one-half years but they made me worse. I used Cuticura, which helped a little bit, but in a day or two it got worse; also. Later on I heard of Cuticura Soap and Ointment. I used Cuticura Soap and Ointment two times a day. In the morning and at night before going to sleep. Cuticura Soap and Ointment afforded relief in one or two weeks, and it only took two months before the cure was complete." (Signed) Clement Levinson, Nov. 22, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

MILK SUPPLY TO SMALL TOWNS. Last fall, V. C. Smith, a graduate of the College of Agriculture, Ohio State University, went to LaSalle, Ill., to teach school. Having studied bacteriology and milk supply while in college he became interested in the milk supply of this town of 15,000 people. Upon investigation he found that milk was still being peddled from house to house in the bulk in cans. The milkman would dip the desired amount of milk from the open can to some vessel the lady of the house had placed on the step. Smith knew this was a most unsanitary practice so he started a campaign to clean up the dairy business of the town. Taking samples from milk that had been distributed from the can he made tests to find out just how dirty the milk was. Then with his tests before him, he gave talks to the business men's league and women's clubs. The people learned here that they were receiving milk that was unfit for use, the bacterial count in some cases running over one million to the cubic centimeter. Almost immediately the whole town was demanding clean milk from their dairymen and the dairymen seeing that they could no longer sell their milk without handling it in a more sanitary manner, commenced to bottle it and clean up their dairies generally. Soon the three main plants of the town were producing a good grade of milk and putting it out in bottles, using the best methods possible to prevent handling and had installed an up-to-date pasteurizer. Before leaving LaSalle at the close of the school term, Smith was made an honorary member of the board of health, something never known to that town before.

We never know how faithful our friends are until we hear them talking about us when they think we're sleeping.

It's all very well to be regarded as a prominent man, but some men are too prominent for their own good.

To Inspect South American Beef Due Under New Tariff Act

Washington, Aug. 2.—So greatly will the importations of South American beef increase when the Underwood tariff act, now before congress goes into effect—for the passage is undoubted here—that the Department of Agriculture has sent to South America, Dr. A. D. Melvin, chief of the Bureau of Animal Industry, to make an investigation of slaughter house conditions.

The doctor started for the Argentine, from which immense quantities of beef are expected. From there he will go to Uruguay and Paraguay and later Brazil. He will make an investigation, not only of the killing of beef, but of the methods of packing to determine whether the conditions are such as to warrant that it will be free from disease, so it may be safely imported to the United States.

RESINOL STOPS ITCHING INSTANTLY

It is a fact that the moment Resinol Ointment touches itching skins, the itching stops and healing begins. With the aid of Resinol Soap, it almost always clears away all traces of eczema, ringworm, pimples, blackheads, or other tormenting, unsightly eruptions quickly, leaving the skin clear and healthy.

And the best of it is you need never hesitate to use Resinol Soap and Resinol Ointment. There is nothing in them to injure the tenderest surface. Resinol is a doctor's prescription which for eighteen years has been used by careful physicians for all kinds of skin affections. They prescribe Resinol freely, confident that its soothing, healing action is brought about by medication so bland and gentle as to be suited to the most delicate or irritated skin—even of a tiny baby.

Resinol is sold by practically every druggist in the United States, but you can prove at our expense what it will do for you. Write today to Dept. E-M, Resinol, Baltimore, Md., and we will send you by parcel post a liberal trial of Resinol Ointment and Resinol Soap.

BUCKEYE LAKE CONDUCTORS HAVE THEIR TROUBLES

Conductors all have their troubles but a certain Buckeye Lake ticket puncher seemed to be hoodooed yesterday evening. A lady got on the car and carelessly, as people often do, set a lunch basket on the rear platform. On the straight run, the lunch basket sat tight, but as the car rounded the first good curve it seemed to put a leg out of its shell. Like a freshwater clam, and walked off the platform and down the steps. The conductor discovered the absence of the lunch basket and made a canvass of the car to notify the owner. The lady promptly became angry and accused the conductor of stealing her lunch basket. Scarcely had the poor man recovered from the shock, when another lady entered the car leaving a fine folding baby-car on the rear platform with the wheels on the floor. The cab settled back in the corner and leaned against the wall as though preparing for a night's rest and the conductor made a mental note of it and promised himself that he would put the cab inside when tickets were punched. As he neared the door, the car took a curve and the inertia of the cab took it by surprise and to the horror of the conductor, it rolled to the edge of the platform and leaped. Again the conductor inquired of the passengers, and got in bad in several instances by inquiring of maiden ladies concerning their ownership in the cab but finally found the party and received his usual lecture, for carelessness. Sure, just stand it on the rear platform and the conductor will look after it.

OFFERS BODY FOR SALE.

Convict Fears Family Will Claim It After Death Comes.

Savannah, Ga.—Hated of his family prompted Thomas A. McCollough, a convict on the Monroe county chain gang, to advertise his body for sale to the highest bidder.

His advertisement reads:

For Sale.—To the highest bidder for cash. I offer my body, which is six feet high, weight 175 pounds, is large frame, well proportioned, forty years of age and Caucasian race.

I have a sentence of eighteen years for killing a negro in Griffin in 1911 and have no prospects, no hopes and no friends, hence, being in bad health, I am asking this proposition.

Any one wishing to consummate a trade address Thomas A. McCollough, box 27, care Monroe county convict camp.

Self sworn never again to have anything to do with his relatives, he is now in mortal fear that his body after death will be turned over to them for burial. This fear has been increased by the physician's statement that he is suffering from heart disease and has not long to live.

The money which his body would bring is a secondary matter to the convict. His one real desire is that death shall not stop the breach between himself and his family.

MILLIONAIRE DAY WORKER.

Yale Man Put in Long Hours at Rubber Factory.

Boston.—Dinner pail in hand, young Ellsha S. Converse, Yale student and a millionaire son of a multimillionaire, steps from his Beacon street home into a costly automobile, drives over to a Maiden rubber shoe factory and toils nine hours in a room where the temperature is hardly ever less than 100 degrees. This happens every weekday. Young Converse is determined to learn his father's business from top to bottom, but instead of beginning at the top he has begun at the bottom.

The father is Colonel Harry E. Converse of Marion, rubber manufacturer and prominent yachtsman.

Sometimes young Converse has to handle redhot heels which he puts on the rubber shoes. He swings his shears, too, with which he cuts off the corners of the heels. All in all, his work at his bench in the heel room is considered a pretty hot job.

STOP HUGE WASTE OF NATURAL GAS

U. S. Experts Make Saving of \$13,000,000 a Year.

Washington.—According to Van H. Manning, assistant to the director of the United States bureau of mines, experts of the bureau have given a noteworthy demonstration of scientific conservation of natural resources that has resulted in a saving of 150,000,000 cubic feet of natural gas daily in Oklahoma. This gas is estimated as worth \$37,500, or \$13,000,000 a year.

The two employees of the bureau of mines who are credited with having accomplished this result are A. J. Pollard of Bakersfield, Cal., and A. G. Hogen of Pittsburgh. They are regularly attached to the bureau as oil experts. They were sent to Oklahoma by Dr. Joseph A. Holmes, director of the bureau.

It was estimated at the time Pollard and Hogen entered the Oklahoma field that every day 250,000,000 cubic feet of natural gas, worth \$62,500, was being wasted. That meant a loss of \$23,000,000 a year. Operators and drillers were skeptical of the assertion of the two experts that they could prevent waste by a certain system of drilling, but, according to Mr. Manning, they have reached the conclusion that the experts were right and are making preparations to stop the waste.

"CONSCIENCE FUND" SLUMP.

Receipts For Fiscal Year Only \$2,814, Lowest Since 1901.

Washington.—Uncle Sam's "conscience fund" received in the twelve months ended June 30 last only \$2,814.44, the lowest amount for any one year since 1901 and comparable with a hundred year average of \$4,200.

In the last 100 years the government has received conscience contributions aggregating \$434,615.69. The fund was established in President Madison's administration in 1811, when the first contribution of \$5 was received. The largest amount ever received in one year was \$35,968 in 1902, and the greatest individual contribution, \$18,669.00, was made to the collector of customs in New York more than a decade ago by an unknown.

ICEBERGS REAL TERRORS.

Captains Who Were on Patrol Duty Issue Timely Warnings.

Washington.—Icebergs are the real terrors of the sea, giving no warning of their approach in thick weather, and the only rational course for a navigator to adopt when his ship is in a fog in their vicinity is to stop and wait for the haze to lift. This, in effect, is the burden of the reports of Captains C. E. Johnston and A. S. Gamble of the cutters Seneca and Miami, which from April to July patrolled the transatlantic lane of travel to prevent a repetition of the Titanic disaster.

"The only safe way to navigate in regions of icebergs," warned Captain Johnston, "is to stop during thick weather and to run very slowly on dark nights."

**Little Mollie King
a Star at 16 Years**

This is winsome Mollie King, who at the tender age of 16 assumes the leading feminine role of Peg in "The Passing Show of 1918" at the New York Winter Garden. In no walk of life is the saying that "Youth will be served" more true than in the theatrical profession, yet the history of the stage offers few examples of such youthful success as has been enjoyed by Little Miss King.

It was in the Ziegfeld production of "The Winsome Widow" that Miss King scored her first big hit, when during the New York run of that production she assumed the role vacated by Elizabeth Bruce. She finished the New York engagement in the part and continued to enact it with success when the company went on the road.

girls and lilies were given as favors. The guest list included: Misses Evelyn Canfield, Louise Kuster, Mayne Hohln, Mary Jones, Ethel Hynes, Marie Kuster, Grace Hemling, Alice Yates, Mildred Kuster, Adah Snelling, Grace Jones, Helen Johnson, Esther L. Graef, Hilda Solinger, Edith Haynes, Messrs. Harry Siegle, Howard Jackson, Clifford Benz, Raymond Holt, John Kuster, Carl Nutter, Carl Walter, John Braddock, Ronald Kissman, Russell Long, Philip Rhodes, Wilfred Hawkins, Elmer Shimmel, Jesse C. Davis, Goddard Chase, Harold Solinger, Dewey Jones. The out of town guests were: Rose Snider of Zanesville, Gladys Cain of Martinsville, Indiana, Melvin Stine of Chillicothe, Catherine Jones of Columbus, Alice Carroll, Edith Crawford, and Carl Walters of Buckeye Lake, Stevens Schmidt of Jacksonown, Paul Perms of Ulica, and Ralph Shal of East Liverpool.

CARGILL-HAYES.
Dr. Raymond H. Cargill of Sidney, O., now a veterinary surgeon at Ulica, Belle Hayes, daughter of Mr. Telford F. Hayes, a well known Miller township, Knox county farmer, were united in marriage Saturday at the bride's home by the Rev. Mr. Holmester. Mr. and Mrs. Cargill will reside in Ulica.

Miss Lucille Conlin of Elmwood avenue entertained with a garden party Friday afternoon for the pleasure of her guest Miss Saloma Thalem of Columbus.

On Friday evening Miss Georgia Osburn was hostess to the R. F. & B. P. club at her home in Jackson town. Games were enjoyed during the evening and a delicious lunch was served. It being the occasion of Miss Georgia's birthday anniversary. The club presented her with the "club emblem" as a token of respect.

The guests present were Misses Lottie Baker, Betty Jones, Sarah Swan, Williams and Mary Osburn, Messrs. Robert Campbell, Eric Fain, Peter Carlyle, and William Osburn. The next meeting will be held with Miss Lottie Baker at her home in Newark.

UNION MEN URGE SYMPATHY STRIKE

(ASSOCIATED PRESS TELEGRAM)
Wheeling, W. Va., Aug. 2.—Officers of the Amalgamated Association of Iron, Steel and Tin workers stated early today that fifty organizers and workers would be sent at once to "Welding, W. Va. in an effort to persuade the 2,000 men employed in the Phillips Sheet and Tinplate company there to strike in sympathy with the striking employees of the same company at the Clarksburg, W. Va. and Steubenville, O. mills. Yesterday was the time set for the strike, but it was said not more than 50 men left their places. The Amalgamated officials said this was caused by a desire to have them finish out the week.

The shops are closely guarded and Sheriff Jacob Mercer of Hancock county today added four deputies to his force. Scouts from the union side, it was said, were prevented from entering the town but there were so many of them that they expected to get into the works before nightfall.

MEETING OF THE FAIR BOARD AND BUSINESS MEN

At a meeting of the Licking County Board of Agriculture today, arrangements were made for the county fair which was set for Sept. 30, October 1, 2, and 3. Outside of the usual routine nothing has been done in the way of special plans for the fair this year. The superintendents of each department have arranged for the awarding committees.

Messrs. Samuel Walker, Ben B. Jones and J. N. Jones were appointed a committee on music. A delegation of business men are in conference with the board and all practical preparations are being made for the next annual fair.

Oil and Gas News

In Licking county, in the deepsand territory, the Arkansas Fuel Oil Co. is due in the sand at a test on the Orville McClellan farm. The same company has the rig completed for a test on the Flora Nelar and is drilling a test on the Emma Kichey farm, near Crooksville, Harrison township. Near Crooksville, there is a good deal of new work starting. There are five wells drilling and the same number of rigs up and ready to start.

In all shallow sand districts a large percentage of the wells are dry. Near Stockport, Penn township, Morgan county, White, Newton & Moore have drilled No. 30 on the A. Smith farm through the Cow Run sand and have a duster. In Newport township, Washington county, the Echo Oil Co. has drilled No. 11 on the James McCoy farm through the first Cow Run sand and has a duster. In the same district, E. Edmonds & Co. have drilled a test on the Louisa Pullman farm through the Keener sand and have a natural producer good for five barrels a day.

In Morgan county there is a large amount of work in the vicinity of Stockport. Harper & Harmer have completed Nos. 3 and 4 on the A. A. Porter farm. The first is a dry hole and the last a light pumper. Fouts & Daugherty have completed No. 4 on the M. Lowland farm and No. 5 is due in the sand. No. 4 is a five-barrel pumper. The Creek Oil Co. No. 5 duster in the Harry Harris farm is a very light pumper.

In Enoch township, Noble county, W. J. Hovis & Co. have completed a test on the David Ball farm and have a duster. In the same district the Pure Oil Co. has started to drill a test on the George Greene farm. In Athens county, Merwin & Co. have drilled a test on the Alice Wells farm through the Cow Run sand and have a duster. In the Marietta district, Washington county, Brown & Sarber are due in the sand at a test on the Charles Francy farm. T. E. Dye & Co.'s test on the Joseph Sartoris farm is a duster in all sands, and E. A. Ryan has an eight-barrel pumper at No. 11 on the John W. King farm.

In Springfield township, Jefferson county, L. D. Allen has completed a second test on his own farm and has a very light pumper. In Fox township the Natural Gas Co. of West Virginia is drilling tests on the Boyd and McLaughlin heirs' farms. In the Killebrew pool, Carroll county, Eaton & Barry have completed a second test on the George Kohler farm and have a light well in the Berea grit. The same parties are drilling a second test on the Fawcett heirs' farms. In the Cadiz field, Harrison county, W. D. Black & Co. have completed a test on the James M. Rentes farm and have a duster. In the same district Frank J. McGowan has the same kind of luck at his test on the J. H. Lewis farm.

**JEWETT CAR CO.

300 EMPLOYES**

A special train bearing about 300 employees of the Jewett Car company and their friends, left at 6 o'clock Saturday morning over the B. & O. for Cedar Point, on the annual outing of the company. The crowd was a happy one and the trip was made with the intention of getting all the pleasure possible out of the event.

MAN KILLS HIS COMPANION AND THEN SUICIDE

(ASSOCIATED PRESS TELEGRAM)
New York, Aug. 2.—A well dressed middle-aged man and a handsome young woman quarreled today on Fifth avenue until the man suddenly drew a revolver. He fired three times and then blew out his brains. The man died instantly and there is little hope that the woman can survive. Letters found in the dead man's pockets led to the belief that he was Abraham Fink, of 36 North Division street, Buffalo. The letters were signed by Violet Rogers, of 12 Vine street, Buffalo, and the police think that this may be the name of the woman who was shot. The letters were mailed from a hotel in Atlantic City and were signed "Your Loving Violet" and "Your Dearest Violet."

Witnesses of the shooting say that the woman was reading a letter, apparently to the great annoyance of the man. After repeatedly commanding her to discontinue the reading the man drew his revolver and fired. The shooting took place near the corner of Fifth avenue and Thirtieth street, in the center of the business district.

IN THE KITCHEN AND PANTRY.

To clean pewter wash the articles with hot water and fine silver sand; then dry and polish them with a leather.

Try mixing pancakes in a pitcher of the bell buoy shape, one that an egg beater fits in nicely. It is much easier to pour directly from this pitcher on to the griddle, instead of ladling the batter out of a bowl.

When "doing up" lace curtains fold them lengthways and starch the edges only. In this way an economy in starch is effected, the curtains look better and they do not so quickly wear into holes as when starched all over.

Salt and vinegar make an excellent mixture for cleansing water bottles and wine decanters. Put a dessertspoonful of rough salt into a decanter, moisten it with vinegar and then shake the decanter till the stairs are removed.

Smoke from a lamp or gas often soils a ceiling in one particular spot, while the rest remains beautifully white. It is useful to know that soiled ceilings caused by lamp and gas will be rendered less conspicuous if rubbed over with dry whitening.

ANOTHER DEATH IN MOTORDROME CATASTROPHE

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, O., Aug. 2.—The list of fatalities resulting from the motorcycle accident at the Ludlow, Kentucky lagoon on last Wednesday night was increased to nine today when Michael Carney of Lima, O., succumbed to his burns. Two others, a woman and a boy, are still in a precarious condition and are not expected to recover.

The cases of the three men indicted for voluntary manslaughter in connection with the accident came up in the Covington, Ky. court this morning. The men are Manager Eberhard of the motordrome, Manager Wilbur of the Park and Representative Rusch of the motorcycle league.

VINCENT

(Continued from Page 1.)

loosn keeper at Court and John streets, Cincinnati and that Charles Kibler, another agent for the Ohio Equity Association, has paid \$111 for them. According to Vincent, Kibler did not have enough money with him on the day he secured the forged petitions and secured the rest of the money from Andrew Lea of Cleveland, and was in Cincinnati at the time.

Vincent was taken to the Governor's office upon his own request. He was accompanied by Sheriff Resch and later was returned to the county jail, where he has been confined since his arrest on a perjury charge.

KINNEY'S STATEMENT.

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, O., Aug. 2.—Speaking of the alleged confession of Vincent in Columbus, John J. Kinney, former assistant city sealer, who now is operating one of the two saloons at Court and John streets, stated today:

"I met this man Vincent but once. I had no connection whatever with the Green Law petitions and I never saw one of them. I did investigate other petitions on a different matter in Butler county. I went to Hamilton for a few hours and registered at one of the hotels, but my mission was entirely honest and above board. I do not know whether there was any crookedness. If so it was not with my knowledge. If the inference is drawn from Vincent's story that my saloon was the distributing point for the petitions, it is based entirely on falsehood."

John J. Kinney said there was a man by the name of Edward Kinney who frequently came into his place, and it might be this Kinney who Vincent referred to.

OVERHEARD on OLYMPUS by Barbara Boyd

Minerva On the Disillusionments of Marriage

MINERVA sat under a tree knitting. Plato and Pan lounged nearby. It was too warm even to talk with much animation.

"You are such an uncertain sort of creature, Pan," Minerva said, as she counted her stitches. "One never knows where he can put his finger on you. You are here today and gone tomorrow."

"It's my artistic temperament," said Pan. "I can't abide doing the same old thing in the same old way. I must have change."

"I wouldn't advise anybody to marry your sort," observed Minerva. "You are all right for Platonic affection; but as a matrimonial proposition, you symbolize an empty larder and last year's dresses made over."

"Platonic affection," broke in the great philosopher, pricking up his ears. "That's better than love any day. It furnishes all the fun, but—"

"None of the thrills," interrupted Pan.

"Your sort is delightful for Platonic affection," went on Minerva calmly. "But women make a mistake when they take it for life and death. Poor things! It is this inability to make distinctions that gets them into trouble. They meet a fellow like you, all music or poetry or whimsical fancies, never the same two minutes at a time, and they think how delightful he is, and that life will never be monotonous or tame with him. But after marriage, when they find this love of change means never sticking to a job long enough to draw a week's salary, it becomes a different proposition. If a woman has a hankering for meat tickets, the best sort of man to marry is the kind who will hold down a job until his obituary is written. He may be sort of tame and stodgey to live with; but in the long run, he's most satisfying. And if she wants a little excitement, she can get a platonic case with one of your sort."

"As I said before," joined in Plato, "platonic affection is best anyway. Marriage is a disappointment."

"Don't give state secrets away," laughed Hymen, who had stopped to listen.

"Why do you so misrepresent your business?" asked Minerva, reprovingly.

"Huh!" retorted Hymen. "Do you suppose anybody would go into it, if they knew exactly what was ahead of them? I have to throw over the veil of illusion, and turn on rose-colored lights, to draw anybody in. I can't retire from business yet. I haven't laid by enough."

"Well, hurry up, my boy," said Plato. "You are only deceiving mortals and getting them into trouble. And when you step out, my doctrine will reign supreme."

STRAIGHT, SKIMPY SKIRT, NEATLY SUIT, IS A JOY FOLLOVER.

New York, Aug. 2.—Mrs. Elizabeth B. Grammis, president of the National Christian League for the Promotion of Pauper and an Immoderate, Life-long friend of President Wilson and family, says that the skirt is the right thing in dress reform.

"You men make the fashions for women and then blame them for wearing them," she said. "But this time the whole world of women should rise up and bless the men dressmakers of Paris for relieving them of swaddling cloths with which they have for so many years tortured their bodies."

"The straight, skimpy skirt," properly slit, with the elimination of armor plate corsets, pads and all the other abominations of time honored dress, is a thing of beauty and a joy forever—I hope. There is nothing more immoral in a woman's ankle than a man's. It is all in the mind of the onlooker."

Abe Martin Says:

WILL APPOINT COMMISSIONERS NEXT TUESDAY

Columbus, Aug. 2. Two bills, the Greenlund Liquor License and the new penitentiary commission acts, became laws today. The governor has already announced that he will appoint the three members of the state liquor license commission, created under the Greenlund act, next Tuesday.

Under the provision of the new penitentiary act, a commission of four members to choose a site for a new penitentiary, must be made within 30 days after the bill becomes operative. One of the questions which will come up before the latter commission is the proposition of converting the new state hospital for the criminal insane at Lima into a penitentiary.

Schlabach, an assistant naval constructor, in the United States navy and a daughter, Elizabeth, five years old, were killed at Buena, thirty-five miles south of here today, when an automobile in which they were riding was struck by an electric train on the West Jersey & Seashore railroad.

METAL DEPARTMENT OF RELECTOR WORKS MOVES TO CLEVELAND

The metal department of the Newark Relector works is moving to Cleveland.

The entire plant as located in the A. H. Heisey company's building used for manufacturing of metal relectors, will, beginning Monday, August 4, be operated in Cleveland under the name of the Ivanhoe Metal works.

About fifty employees who go with this department. Some of them have been residents of Newark for some time, others have been brought here by the company.

The glass department and engineering department of the Newark Relector works will remain in Newark.

WOULD ABOLISH FREE LUNCHES IN SALOONS

(Associated Press Telegram)
Lacrosse, Wis., Aug. 2.—While saloon keepers of Connecticut are preparing to go into court to resist the law which forbids free lunches in saloons, liquor men of Lacrosse are circulating a petition which will be presented to the common council next Friday, asking for the passage of an ordinance making the free lunch unlawful. All saloon keepers in town except two have signed it. Downtown proprietors who have been in the habit of setting up expensive lunches, are the instigators of the movement. They declare the cost of meats and vegetables are so high they can no longer afford it.

WHY NOT CALL 'EM WOMEN COPS

(Associated Press Telegram)
Chicago, Aug. 2.—The ten women selected by Mayor Harrison for addition to the police force, should not be called "policewomen." In the opinion of members of the Women's Party of Cook county, who attended the monthly meeting yesterday, it was the beginning of an hour's discussion during which the suffragists asserted that the appellation of policewomen is not suggestive of refinement, does not support the dignity of the office and is highly improper because the duties are on a higher plane than those of a mere policeman. It was finally decided that the ten should be referred to as "Social Service Workers" or "Civil Service Workers."

Slit Trouser Legs for Men May Follow the Style for Women

Sandusky, O., Aug. 2.—The slit skirt no longer has the field of fashion to itself. Slit trousers were entered yesterday, at Cedar Point, where the International Custom Cutters' Association is concluding its mid-summer meeting and outing and promises to win, the cutters say, the same degree of favor among the swell male population of the universe as the former has won among nifty dressing females.

Twenty-two custom cutters blossomed forth today in trousers of white serge, the legs of which were slit outside and inside, to a point about midway between the ankle and knee. From beneath the folds of spotless fabric, hosiery of denon-
"he gave evidence of its presence.

Sleeps on Tracks; Killed.
Lima, Aug. 2.—Exhausted from an attack of hay fever, Lewis Harris, aged 27, a railroad brakeman, lay down on the tracks of the Lake Erie and Western railroad yesterday and went to sleep. A short time afterward a passenger train crushed him to death.

EXTENSIVE PREPARATIONS FOR OPENING ASSEMBLY AT SUMMERLAND BEACH

Advocate Representative Visits City of Tents and Finds a Record Breaking Crowd Present at the Beautiful Summer Resort on Buckeye Lake—Splendid Program Has Been Prepared Which Includes Noted Lecturers and Musical Organizations.

(By Staff Representative.)
Tomorrow will be the big opening day at Summerland Beach Assembly and extensive preparations are being made today to accommodate the vast throng which is expected tomorrow at the beach. Already a large crowd has gathered and many are locating tents for families and clubs for the entire session. During the past few days a myriad of tents has been erected on the point in front of the auditorium and the increase in their number each year goes to show that the Assembly is becoming a habit with more and more of the people of the vicinity and at the same time it is drawing numbers from more distant localities.

This is the only change that has been made in the program.
With the school of missions conducted by Dr. Loas Ermina Scott of Chagrin Falls, who has charge of a class of 200 ladies in these studies in Cleveland, the big training school for Bible school workers, the Bible part of the work could scarcely be paralleled in any similar assembly. The new dormitory and the additional tents erected this year will easily accommodate a larger crowd than heretofore and the expense of a two weeks' stay at the beach will bar no one from enjoying the entire session. Cottages and rooms in the hotel can be secured at reasonable prices and the living expenses are remarkably low.
Physical Director Walter Livingston of Denison, will have charge of the outdoor work with swimming

AMBASSADOR WILSON HAS POCKETS PICKED WHILE IN NEW YORK

(Associated Press Telegram)
New York, Aug. 2.—Ambassador Wilson to Mexico was the victim of pickpockets while escorting two women to a Long Island train in the Pennsylvania station yesterday, it was learned. His wallet which he carried in his trousers pocket was obtained by the thieves. What amount it contained was not stated. News of Mr. Wilson's loss became known when detectives, who had received the ambassadors complaint had consulted with police headquarters.

All the parties were reticent regarding the details, but it was said that the ambassador was not greatly concerned over the incident, he had arrived from Washington during the afternoon and after luncheon with a party of friends he had undertaken to escort two women in the party to the Long Island train.
A large crowd pressed about the gates and there was a scramble for the train, during which the pickpockets were evidently at work. It was not until after he had bidden his guests good-by that Mr. Wilson discovered his loss. There is no indication that the theft was anyone seeking the secret papers in the ambassador's possession but it was simply an ordinary case of pocket picking.

Three hundred bootblacks on the New York Eastside have formed a union and will raise the price of shining tan shoes from a nickel to ten cents.

GOV. COX

Not to Stamp for the Short Ballot—Progressive Leaders to Conduct a State Campaign.

Columbus, O. Aug. 2.—Governor Cox today rejected the invitation of Mayor Fessler, secretary of the Civic League, having his headquarters in Cleveland, to take the stump for the short ballot. Having succeeded in inducing the general assembly to admit short ballot proposals for amendments to the constitution, Governor Cox does not feel called upon to drop his other work and urge their adoption.

"Come back some other time," he told Fessler.
While here Mr. Fessler announced that James R. Garfield and John D. Fackler, of Cleveland, and Thomas H. Clark, of Columbus, will be on the committee to conduct the campaign. All three are Bull Moose leaders.

It was announced by L. J. Taber, of the State Grange, that the farmers expect to debate the question during the summer. He has made arrangements for wide discussion of the proposition.

VOLL CALLS ON COX

Rumor Spreads That Governor and Labor Are Again Friendly.

Columbus, O. Aug. 2.—That the Ohio State Federation of Labor and Governor James M. Cox are again on friendly terms was the word that was circulated yesterday after President John Voll, of Zanesville, had an extended conference with the governor. Immediately after the general assembly adjourned the labor body came out with a statement in which the governor was criticized sharply, and it was alleged that he had deserted the labor cause.
The statement by the executive committee caused the governor's friends in the ranks of union labor to rally to his support, and after the criticizing brethren had been labored with they came to admit that the laborites had got about all in a legislative way that they were entitled to.

Gradually those who signed the denunciatory report came around and intimated they didn't mean it. The referendum scandal and Governor Cox's defense of the compensation act tended to close up the breach.

It is intimated that the Federation of Labor may aid the governor in all the referendum campaigns if the measures passed last winter are brought to a popular vote. The governor's friends are anxious to have help on the taxation acts.

AUTO WENT OVER AN EMBANKMENT KILLING DRIVER

(Associated Press Telegram)
Newcomerstown, O. Aug. 2.—Zach Thalermer, 40 years old, leading clothing merchant of this village, was instantly killed and four others injured, when the automobile in which they were returning from Urbana, jumped a twelve-foot embankment late last night. Thalermer's wife and children are visiting relatives in Cleveland. He had taken three of his clerks and a young woman friend of one of them to Urbansville to attend a carnival. The automobile went over the embankment on a curve.

Railway Business For May.
During May the railways of the United States received for their services to the public an average of \$8,230,000 a day; it cost to run their trains and for other expenses of operation \$5,920,000 a day; their taxes were \$341,500 a day; their operating income \$1,972,522 a day for each mile of line for each day. Thus for every six dollars of their earnings which remained available for rentals, interest on bonds, appropriations for betterments, improvements and new construction, and for dividends, the railways had to pay more than one dollar in taxes.
All of these amounts are substantially greater than the similar returns for May, 1912. They are from the summary of the earnings and expenses compiled by the Bureau of Railway Economics from the monthly reports of the steam railways of the United States to the Interstate Commerce Commission. They include over 95 per cent of the mileage and earnings of all the railways of the country.

ORDINANCE NO. 2286
Determining to proceed with the improvement of North Street from Hudson Avenue to the City of Newark, Ohio, by constructing a sanitary and drainage sewer therein.
Be it ordained by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring:
Section 1. That it is hereby determined to proceed with the improvement of North Street from Hudson Avenue to the City of Newark, Ohio, by constructing a sanitary and drainage sewer therein, in accordance with the plan, specifications and estimates hereto approved and now on file in the office of the Director of Public Service.
Section 2. That all claims for damages resulting therefrom shall be judicially inquired into after the conclusion of the proposed improvement.
Section 3. That the whole cost of said improvement, less one-fifth thereof, and the cost of interest thereon, shall be assessed by the Director of Public Service upon the following described lots and lands, to-wit: All lots and lands bounded by and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefited by such improvement, and the cost of said improvement shall include the cost of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the costs of construction together with the interest on bonds issued in anticipation of the collection of deferred payments and all other necessary expenses, and that the assessment so to be levied shall be paid in ten annual installments, with interest on the deferred payments at 5 per cent per annum, provided that the owner of any property assessed may, at his option, pay such assessment in full within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case the said cost shall not be included any item of interest upon bonds to be issued in anticipation of deferred installments of such assessment, and that the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of the assessment by installments and in an amount not to exceed the cost of said improvement not specially assessed, including the cost of interest thereon, and the cost and expense of such bonds shall be paid by the issuance of bonds in the manner provided by law.
Section 4. That the following lots and lands shall be assessed for improvement as above determined: All lots and lands bounded by and abutting upon the proposed improvement on North Street between Hudson Avenue and the City of Newark, Ohio, and the City of Newark, Ohio, shall be assessed for improvement as above determined, and the cost of said improvement shall be levied upon the lowest and best bidder after advertisement and public sale, and the cost of said improvement shall be paid by the issuance of bonds in the manner provided by law.
Section 5. That the following lots and lands shall be assessed for improvement as above determined: All lots and lands bounded by and abutting upon the proposed improvement on North Street between Hudson Avenue and the City of Newark, Ohio, and the City of Newark, Ohio, shall be assessed for improvement as above determined, and the cost of said improvement shall be levied upon the lowest and best bidder after advertisement and public sale, and the cost of said improvement shall be paid by the issuance of bonds in the manner provided by law.
Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
Section 7. This ordinance is hereby declared to be an emergency ordinance and it is the duty of the Council to see that the immediate preservation of the public health, the necessity therefore lying in the fact that by reason of the delay in the collection of the assessment, the city of Newark, Ohio, is continually flooded by sewage and other offensive matter.
Passed July 21, 1913.
Attest: HARRY ROSSELL, President of Council.
F. M. SWARTZ, Mayor.

BUCKEYE LAKE SCENE FROM SUMMERLAND BEACH.

of the Assembly Board, states that "if the reports that are coming in from all parts of the state are any indication of the success of the work this year, it will be away above other years in attendance." Rev. E. E. Haskins who is another energetic member of the board is having his busiest day of the year and thoroughly enjoys doing things for the Assembly.
When the board cast about for a new location for the Assembly two years ago, it acted wisely in placing its auditorium in this picturesque section of Buckeye Lake. Summerland Beach is far enough removed to eliminate the viciousness of the summer resorts and yet offers all the recreation in the way of boating, bathing and games that the heart could wish. The cool, bracing lake breeze in the late afternoon and evening proves a pleasant change from the dust and heat of the city and country.

classes every afternoon from 3:30 to 5:30. There are good bath houses at the beach.
About a thirty minutes ride from Buckeye Lake Park on a launch takes you to the beach. A trip on the lake, the most beautiful in the state, among its islands and along the shore, rimmed with cottages and summer hotels is an outing in itself. Connections can be made as well by T. & O. C. via Millersport.
A big fire works display is to be a novel part of the entertainment on the evening of August 9, after the lecture by Maud Ballington Booth; this remarkable pyrotechnic display will be seen from all parts of the lake. Another special day will be called Recognition Day, August 16.
Many of the summer school students are remaining for the assembly. The summer school closed Friday August 1, and the classrooms are being vacated to accommodate the assembly. One of the summer school instructors, Prof. Garland A. Bricker, of the Ohio State University Department of Agriculture, has been retained for the Chautauqua. Prof. Bricker is managing editor of the Rural Educator and has written on the subject of the rural church.

FALL FROM BIKE CAUSES DEATH OF AMOS LUDWIG

Injuries received in a fall from a bicycle at Granville, five weeks ago, resulted in the death Friday afternoon of Amos Ludwig, aged 52, a farm hand employed at the home of Mr. Rader, near Summit Station. While riding down a slight grade in Granville, the wheel ran away and Ludwig was thrown off. His kneecap was injured and blood poisoning resulted. It is said that acute meningitis resulted, causing his death.
Ludwig is a native of Virginia, his home being at Rio, Hampshire county, where four brothers and three sisters are now living. He has twice been married. He has made his home at various times with Mr. and Mrs. Price of Granville.
Relatives in Virginia have been notified of his death and until word is received from them funeral arrangements will not be made.
The body was removed to the Daxler & Bradley morgue, where it will remain until the funeral.

CONFEDERATES TO CO-OPERATE WITH G. A. R. VETERANS

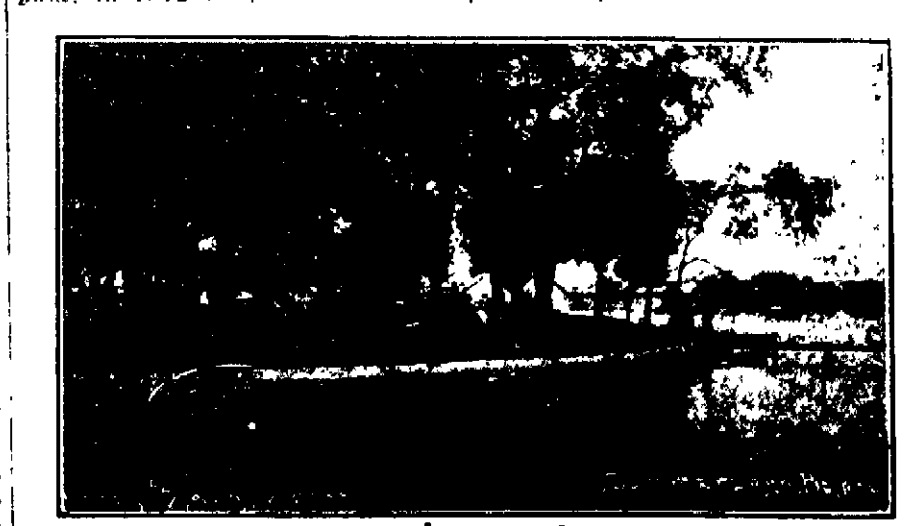

Chattanooga, Tenn., Aug. 2.—The Jonathan W. Buchanan Camp, Sons of Confederate Veterans, at a largely attended meeting, appointed a committee to co-operate with the G. A. R. Encampment Association in the work of preparation for the September encampment of the Grand Army of the Republic. The committee is composed of sons of the most prominent Confederate families and all members are enthusiastic over the coming of the Union veterans and their friends in September.

In 1899 696 automobiles passed through Fairmount Park, Philadelphia; in 1912 500,000.

GOV. BEN. HOOPER WILL DELIVER THE WELCOME ADDRESS

Chattanooga, Tenn., Aug. 2.—Governor Ben W. Hooper has accepted the invitation of the Chattanooga Encampment Association, G. A. R., to deliver the address of welcome to the 47th National Encampment of the Union veterans, on behalf of the state. The address will be delivered September 17. Governor Hooper delivered the address of welcome for Tennessee to the Confederate veterans on the occasion of their reunion here in May. He is the second Republican governor of the state since the reconstruction period.

The board is lavish this season with its entertainments. Six musical companies find a place on the program: The Dunbar Orchestra, a company of six artists in costume, The Grand Opera Quartette, The Chicago Male Quartette, The Mifflin Concert company, The Chicago Lyric Quartette and the Ethiopian Serenaders.
Other entertainers are: Dr. Geo. F. Colby, cartoonist; Enos Bacon, vocalist; Montville Flowers, reader; Wallace Bruce Ambury, interpreter and Germaine the Wizard.
It is to be regretted that Dr. Hunt will find it impossible to take part in the program this year. His place will be filled by Rev. T. P. Hale, D. D., of Louisville, Ky., one of the Southland's great orators. Dr. Hale is a professor of evangelism in the Southern Baptist Theological Seminary, a man of great intellectual attainments and an eloquent speaker.

News From Over the State

Woman Bather Drowns.
Painesville, Aug. 2.—Mrs. Henrietta Hunker, Canton, who was visiting relatives near here, was drowned in Grand river yesterday afternoon. She had been in bathing with two young sons. Mrs. Hunker stepped into a hole and never rose again.

Drowns in Licking.
Zanesville, Aug. 2.—When he went beyond his depth while bathing in the Licking river at Pleasant Valley, seven miles west of Zanesville, last night, George Michons, aged 40, a laborer employed on the B. & O. railroad, was drowned. His body was recovered by companions.

Village Mayor Clear.
Washington Court House, Aug. 1.—Mayor Crouch of Bloomingsburg, who was arrested on the charge of resisting an officer on an affidavit by Chief McCoy of this city, was discharged today by Justice Craig. McCoy and deputies went to Bloomingsburg July 3 to arrest the Burns detectives who were witnesses in the Law and Order League's liquor cases and Mayor Crouch, by threats, was said to have denied the right of Chief McCoy to arrest them. The detectives disappeared that night and never showed up in Fayette county again.

Not to Lease Hospital.
Cincinnati, Aug. 2.—The state board of administration notified the county commissioners today that the board will not proceed further under the law passed at the recent session of the general assembly permitting the state to lease Longview hospital from Hamilton county. This means that the state refuses to take over the institution at a rental of \$60,000—4 per cent of a valuation of \$1,500,000.

Boy Cuts Growers to Hear Cox.
Bellefontaine, Aug. 2.—Growing boys of Auglaize, Shelby, Logan and Allen counties will hold a conference and outing at the Manchester farm near Lakeview on Monday, August 11. Governor Cox, A. P. Sandles, Congressman Goetz and Willis have been invited to speak. A banquet will also be served.

Elevators Consolidated.
Marysville, Aug. 2.—The Ohio Elevator company, with a capital stock of \$85,000, has taken over the elevators at Millford Center and Woodstock. They will be under the personal management of H. P. Clouse, who is to have his headquarters at Millford Center.

Oil in Berea Sand.
Circleville, Aug. 2.—Ralph Bros. well on the Moore farm is the first well in the Berea sand. It is such a good producer that it will not be drilled to the Clinton sand, like others in the field.

Perry Fete at Cleveland.
Cleveland, Aug. 2.—Members of the Perry centennial commission decided yesterday to have a three days celebration here about Sept. 15. It was decided to have naval and automobile parades and to invite President Wilson and the governors of eight states.

Strike Hurting Trade.
Cincinnati, Aug. 2.—Construction work in this city has been crippled to a great extent by the strike of the teamsters, which has been on for the last week. Work on five large buildings in process of construction was suspended yesterday, owing to builders' inability to obtain material. As yet little trouble has been experienced, but the inconvenience to business is beginning to be felt.

KICK OF COLT CAUSES DEATH OF WES. SEEDERS

Internal injuries received when he was trampled under the heels of a colt on the farm of A. H. Powell Friday morning, resulted in the death of Wesley Seeders, aged 20, a farm hand employed by Powell. The colt was stung by a bee while Seeders was cleaning the stable. It kicked the man in the abdomen, telling him to the floor. In its plunging the brute planted one of its feet in Seeders' lower abdomen, causing internal injuries. Although the injured man received prompt attention at the house and later at the City Hospital where he was removed in an ambulance, his condition continued to grow worse until death occurred Friday night at 11:30 o'clock.

The body was removed to the Bazler & Bradley morgue and prepared for burial. The only relative surviving is a niece, Mrs. Craig, residing at 71 South Fifth street. Funeral services will be held there Sunday afternoon at 2 o'clock.

A. N. BRADYS FUNERAL.
Associated Press Telegram.
Albany, N. Y., Aug. 2.—The funeral of Anthony N. Brady, the financier, who died in London, July 22, was held at 2 o'clock today from the cathedral of the Immaculate Conception, the Rt. Rev. Thomas M. Burke, bishop of the Catholic diocese of Albany, officiating.

TRUSTY STEALS CLOTHES.
Associated Press Telegram.
Columbus, Aug. 2.—Not content with merely escaping from the State Prison, a trusty prisoner at the county jail, who was serving a 30-day sentence for larceny, early this morning walked away taking with him Junior Seckers' Panama hat, his coat, collar and necktie, and his scarf pin.

45th REGT. REUNION AT BELLEFONTAINE

Commanders have been notified of the approaching reunion of the 45th regiment at Bellefontaine, Aug. 12. A program of interest to all members of the regiment has been prepared. This is the fortieth annual gathering of these veterans. Charles H. Duffey of Columbus is president and R. M. Wagoner of Springfield is secretary of the regimental organization.

C. M. A. CHALLENGE IS ACCEPTED BY MT. VERNON MOOSE

The challenge issued by Manager Clarence Jones of the Newark C. M. A. team for a game against the Mt. Vernon C. M. A. team, which was played Sunday, August 21, at Mt. Vernon, Manager Albion Jones says he will play the Newarkites for real money, marbles or chalk.

HEAVY CASING FALLS ON MOSER

Joe R. Moser, Ohio Electric detective, sustained severe injuries last Wednesday when an oil well casing weighing 1,000 pounds fell on him. His right leg was badly lacerated, the muscles being torn and bruised.

Mr. Moser was assisting a gang of men in the unloading of the heavy iron casings. One section was being lifted from the car when another section, on which Moser was standing, rolled from under his feet. He was thrown to the floor of the car with the heavy casing on his leg.

He is now at his home in West Newark where Dr. Shirer is in charge of the case. His injury will keep him confined to his home for some time.

JUMPED TO HER DEATH

LABORER HURT IN UNUSUAL WAY

Lawrence Ayers, aged about 22 years, a laborer employed in the construction of the Second street bridge, sustained serious injuries Saturday morning shortly after getting to work. A large quantity of gravel caved in, landing on a shovel in the excavation. The handle of the shovel flew upwards, striking Ayers in the lower abdomen.

He was rushed to the Sanitarium in Bazler & Bradley's ambulance, where Dr. D. M. Smith attended him. He was unconscious for a time but it is believed that he will recover.

BRYAN

(Continued from Page 1.)
Telegrams received by officials of the administration predicting that General Huerta soon would relinquish the Presidency of Mexico. President Wilson, however, is hoping daily for such tidings. He continues to be hopeful that the Mexican situation will right itself without intervention by the United States, and is persevering in his efforts to bring about a cessation of the revolutionary disturbances by peaceful means.

However, at the capital, a feeling of pessimism over the success of the President's mediation plans is apparent. Democratic senators who are staunch supporters of the administration, doubt their feasibility and believe that it soon will become evident that intervention furnishes the only practical solution of the problem. That is to say, intervention with the specific declaration that the United States takes the step for the purpose of restoring order in Mexico and not with any desire to acquire any Mexican territory.

There were two very significant developments at the capital yesterday afternoon. The first was the receipt of a request from Secretary of State Bryan for \$100,000 to be extended in alleviating distress among Americans in the Mexican revolutionary zone and to assist them in coming back to this country.

The second was the sudden reversal of the house committee on foreign affairs in its purpose to have Henry Lane Wilson, the Ambassador to Mexico, relate his story of conditions in Mexico as he did before the senate committee on Wednesday. It is understood that the house committee withdrew its invitation to the Ambassador at the suggestion of President Wilson.

While the request for an appropriation of \$100,000 to assist Americans in Mexico was accompanied by no elaborate explanation from the secretary of state the construction placed upon it by men who are closely watching the Mexican situation is that the National Administration desires to be eventually, even including intervention.

As everybody knows, the President is strongly opposed to intervention except as a last resort. He realizes that if it develops that there is no other recourse and he is obligated to prepare for it.

When Ambassador Wilson discussed the situation with the President and Secretary of State last Monday he stated that if the administration did not care to recognize Huerta as the legitimate head of the Mexican government the most practical alternative was to intervene. Before this step was taken he suggested that all Americans in Mexico be urged to leave the country, inasmuch as their lives would be in jeopardy. The President did not take kindly to the Ambassador's proposal, but it would seem that the request for an appropriation of \$100,000 is a recognition of the wisdom of at least one feature of the Ambassador's plan.

Quite a number of Americans are now stranded at some of the Mexican seaports, and a part of this sum, if voted by Congress, will be expended in getting them back to the United States at once. The balance would be held to assist other Americans now in the interior of Mexico in getting out of the revolutionary territory at the earliest moment should conditions become worse instead of better, as the President hopes, and drastic measures finally decided upon by this government.

President Wilson and his advisers are opposed to any attempt to force the American government into any hasty declaration of policy.

Is Charged With Murder and Robbery

(Associated Press Telegram)
New Orleans, Aug. 2.—Emmanuel Brito, former governor of the Mexican state of Campeche, was arrested here today by federal authorities and held without bail on a charge of murder and robbery, preferred by the existing Mexican authorities.

NO DIPLOMATIC REASONS BEHIND BRITAIN'S REFUSAL

(Associated Press Telegram)
London, Aug. 2.—An apparently inspired statement in regard to the British government's non-participation in the Panama-Pacific exposition in San Francisco appears today in the Westminster Gazette, drawn forth by the caustic comment from America. It earnestly avers that Great Britain's refusal to participate has no diplomatic significance and is based purely on commercial grounds. The newspaper says:

"We do not mix up our diplomatic negotiations and our business the way suggested. Americans may be easy in their minds that our refusal on this occasion has no other reasons behind it than those of expense and the impossibility of getting together a worthy collection at a place so distant as San Francisco. We here and expect that any diplomatic difference we have with the American government about the Panama canal will be settled long before 1915, when the exposition is to be held."

THE NEWARK GLASSWORKERS

Under the head of Flint Glass Notes from Heisey's, "Tuscarora" submits the following from Newark: The current issue of "The Glassworker," published by H. W. Gauding of Pittsburgh:

A. H. Heisey & Co.'s tableware factory started to work on July 21, after being idle for two weeks. Two furnaces are in blast, but the weather is very hot for the workmen.

The whole talk among the men here is about the convention and the good time they had at the ox roast at the White City fishing camp and a lot of other amusements that were on the program. The convention committee surely did have the delegates going some. Nuff ced.

Jacob Lang has drawn his card and is now working at the Duncan & Miller plant, Washington, Pa.

Frank Gruber, Sr., is visiting in the lake country and will be gone about a month.

Patrick Gblin, one of the night managers here, was called to Belaire, O., recently on account of the death of his mother-in-law.

Harry Woods, one of our gatherers, was married recently to one of Newark's fair daughters.

Harry C. Arensberg, while working, hurt his back and it is giving him much pain. Joe Cole is on the sick list. John Lalley is also on the sick list.

The Diamond H and Pataskala baseball teams played a game last week which resulted in favor of Pataskala 7 to 6.

John Cole accompanied his wife to Columbus recently to a hospital, where she underwent an operation.

The home of James Blesdale, our packing boss, was struck by lightning during a heavy storm. Some damage to the house resulted.

Richard Rohan and brother visited Kansas City, where they have a sister in a hospital as nurse. They had not seen their sister for 30 years. They had a good time and were very glad to see each other again.

Charles Miller is working at the Heisey plant again after being away from the trade about two years, in the grocery business.

Louis Rebeck made a trip to Pittsburgh on business recently.

Thos. Driscoll and wife took a trip to Buffalo, Niagara Falls and other points and report a good time.

The Heisey factory is well ventilated now, with 25 skylights and 40 electric fans installed. It is one of the "finest factories" in the country. "Clean and Sanitary" is the slogan of the management.

TAKE GOOD CARE OF YOUR SKIN

The up-to-date woman recognizes that the most important adjunct to good looks is the use of good toilet preparations. The utmost care should be exercised in selecting them, however. Many women who are scrupulously particular about medicines will buy toilet articles from an agent who comes to her door, without thought of the quality and purity. Don't take chances on ruining your skin but go to a reliable druggist.

The City Drug Store carries the most complete line of the best toilet preparations to be had and when this store recommends something to you, you know it is safe to use. They specially recommend the Noyal face cream as a nourishing skin tonic, being healing and antiseptic. Drop in and look over the immense line of various toilet articles carried by this firm. They will be glad to demonstrate to you and you can find just what you need most.

The City Drug Store has three registered pharmacists in constant attendance and you are always assured of prompt and competent service.

WESTON FINISHES 1500 MILE TRAMP

(Associated Press Telegram)
Minneapolis, Minn., Aug. 2.—Amid the roar of cannon, the clanging of bells and the tooting of whistles, Edward Weston completed his tramp of more than 1500 miles from New York City here today. The aged pedestrian, by changing his plans after leaving the metropolis, has added 100 miles to his original schedule and has walked 1546 miles. Leaving New York on June 2, Weston was due to reach Minneapolis on August 2, but when he reached Stillwater, Minn., July 29, he was four days ahead of his scheduled time.

The German standard of light measurement is nine-tenths that of the international candlepower.

More than 10,000 New York school children are annually referred by school authorities to physicians for medical treatment.
